Each cuisine is explored in terms of its general characteristics as well as issues including the history and effects from invaders and bordering countries; topography, geography, and climate; indigenous foods, culture, and influences from religion and other groups of people; foods and flavorings frequently used; common cooking methods and their origins in the area; and regional variations. Each chapter contains tested recipes representing foods and dishes from all segments of the menu and wine suggestions (provided by Beringer Blass Vineyards) for each first course, soup, and entree.
