

Royal Gifts for the Kindergarten: A Manual for Self Instruction in Friedrich Fr Bel's Principles of Education (Classic Reprint)

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Royal Gifts for the Kindergarten: A Manual for Self Instruction in Friedrich Fr bel s Principles of Education Kindergarten Education in our country lias greatly increased during the past decade. One of the chief reasons for this is the fact that a correct knowledge of the system, has never, until recently, been generally promulgated. The remarkable enthusiasm created by the few lecturers upon the subject, and the gi-eat success of Kindergarten schools founded on this system, has called forth a more general inquiry concerning its merits. It is proposed in this volume to present an outline of the Kindergarten plan, as invented and developed by Friederich Froebel, of Germany. It is conceded that no other system will so fully meet the requirements of the parent, teacher and child, when faithfully carried out in all of its important features. Kindergarten culture, says the author of Moral Culture of Infancy, is the adult mind entering into the childs world, and appreciating natures intention, as displayed in every impulse of spontaneous life, so directing it that the joy of success may be ensured at every step, and artistic things be actually produced, which gives the self-reliance and conscious intelligence that ought to discriminate human power from blind force. This work is specially designed for mothers, nurses and Kindergartners, precise and full descriptions being given. Its minuteness, thoroughness, and clearness of direction will, it is believed, make it the best manual for Kindergarten instruction published. It is just the work needed in the family, where the children are unable to attend a Kindergarten regularly. It teaches how to provide the children of three years and over with instructive, quiet...
