## FREE MOVEMENT OF JUDGEMENTS WITHIN THE EU: ABOLISHMENT OF THE EXEQUATUR AND REFORM OF THE GROUNDS OF REFUSAL TO ENFORCE?

[DOWNLOAD PDF](#)

Cuvillier Verlag Jan 2012, 2012. Taschenbuch. Book Condition: Neu. 211x147x10 mm. Neuware - On 14 December 2010 the European Commission presented its Proposal to amend the most important instrument on European international civil procedure, the Regulation 44/2001 (‘Brussels I’). Against the background that European law guarantees economic freedoms cross-border recognition and enforcement of judgments within the European Union is of considerable and increasing importance. Brussels I provides for a simple and accelerated procedure to obtain the required declaration of enforceability (the exequatur) in the Member State of enforcement. In order to further enhance the free movement of judgments within the EU the general abolition of this exequatur lies at the heart of the Proposal. It is accompanied by plans to reform the existing defences. This dissertation provides an analysis and discusses the most relevant aspects of the abolition of the exequatur and the reform of the defences under the Proposal. After providing the background on the Proposal and its underlying principles, the cross-border enforcement regimes of Brussels I and the Commission’s Proposal are briefly presented. The abolition of the exequatur is critically discussed with regard to its underlying rationales and the functions of the exequatur. The chapter concludes with the implications of the abolition for the existing defences. The reform of the defences is discussed in detail in the third chapter with regard to the questions whether the Proposal provides sufficient protection and complies with the principle of mutual recognition. Particular emphasis is put on the ordre public defence and its fundamental rights implications. Suggestions to amend the Commission’s Proposal are made throughout the paper and briefly summarised in the final conclusion. 72 pp. Englisch.
