### Reviews

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Vithumus Doctrine of Soil Treatment, Soil Up-Building: The Proper Agricultural Relations of Vithumus and Fertilizers In its most ancient state, agriculture was practiced on extensive plan: that is, a plot of ground was taken, cultivated till no longer productive, and then abandoned for a new plot. Naturally, under such primitive methods, there came a time when all the tillable land was exhausted, and the population either starved, or migrated: thus many of the early warlike eruptions of peoples and tribes had their origin in a quest for new lands. This early ruinous agricultural practice, was first amended by the introduction of the bare fallow and manures: later, the Summer or green fallow was adopted and, in consequence of these improvements, the exhaustion of the soil was indefinitely postponed or a minimum of crop kept up. In ancient times, agriculture did not stray beyond the range of experience, and the art did not go beyond the operation of ploughing, manuring, planting, weeding and harvesting. As for any real knowledge of soils and crops, (as understood today), there was none: and, had any one hinted there was an agricultural science, he would have met with cold encouragement. The first instances of intensive farming, were along the valleys of the Nile, the Tigris and Euphrates rivers; either upon lands exposed to periodic overflow, or upon those to which the river water was brought by irrigation: the fertility of such inundated or irrigated soils was phenomenal, but the reasons therefor were not fully understood. The beginnings of scientific agriculture do not date much further back than 1840; but yet, long before this, there were some slight indications of advance,...
