

## The Earth in Space: A Manual of Astronomical Geography (Classic Reprint)

By Edward P Jackson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Earth in Space: A Manual of Astronomical Geography This little manual is a condensed and simplified version of a Mathematical Geography published several years ago. It has been prepared in compliance with the request of the late Miss Lucretia Crocker, a supervisor of the Boston Public Schools, and of many other advocates of more thorough instruction in this branch. It is designed for Grammar Schools, and for High and Normal Schools where Astronomy is not prescribed, but where an hour a day for a few days can be spared for this most practical department of Astronomy. The proofs have been read by Dr. J. R. Webster, Mr. C.F. King, and others. At the suggestion of several of these readers, certain passages which may be found too difficult for Grammar-School classes are marked with the character (f). The substance of these passages may be given orally by the teacher, or, if necessary, they may be omitted altogether. Those wishing a fuller presentation of the more difficult topics are referred to the larger work mentioned above....
