

## The Relationship Between Parents Level of Education

By Fresia Agudelo

LAP Lambert Academic Publishing. Paperback. Book Condition: New. Paperback. 80 pages. Dimensions: 8.7in. x 5.9in. x 0.2in. The purpose of this study was to investigate the relative impact of family educational background and parental attitudes in the academic achievement of students in the field of Physical Science classroom. This study compares the 8th grade students achievement in the physical science class with the parents level of education. Researchers across the world have reported that there is a considerable influence from the family background in the participation and achievement of the students in physical science. The effect of school or teacher quality in academic achievement is less than the effect of the family background in the students success. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
